

BECKETT THEATRE

OUR MEDIUM-SIZED THEATRE

The **Beckett Theatre** is ideally suited for performances and events that are intimate and engaging. Named in honour of John Beckett, the designer and theatre consultant responsible for the building's renovation, the Beckett Theatre boasts a warm atmosphere retaining many of the original features of the building.

In great demand for performances from all areas of the performing arts, the Beckett Theatre is also used successfully for conferences and other similar functions. Entry is by reserved seating or general admission. The maximum capacity for the Beckett Theatre is 175 patrons.
